

**STEPHANIE DIPPENAAR:
PROJECT EXPERIENCE RECORD**

The following table presents an abridged list of projects involvement as well as the role played in each project:

Completion Date	Project description	Role	Client
2015	Several bat monitoring reviews	Reviewer and advisor	BioInsight
2014 (in progress)	Environmental management plan for the Elephant Back Safari at Kapama	Project Manager	Kapama
2013 (in progress)	Environmental management plan for the Hoedspruit Endangered Species Centre.	Project Manager	HESC (Hoedspruit Endangered Species Centre)
2012-2013	Karookop Wind Energy Project	Bat specialist study	CSIR/Electrawinds
2011-2012	Bat monitoring at the Ubuntu Wind Project	Bat monitoring	WKN-Windcurrent
2012	Bat specialist study for Vredendal Wind Farm	Bat specialist study	CSIR/iNca Vredendal Wind
2011	Bat specialist study for the Banna Ba Pifhu project, Jeffrey's Bay	Bat specialist study	CSIR/ WKN-Windcurrent
2011	Basic Assessment for the development of an air strip outside Betty's Bay	Project Manager	Blakeney Parker
2011	Bat specialist study for a wind facility development at zone 12, Coega IDZ, Port Elizabeth.	Bat specialist study	CSIR/Universal Wind
2011	Bat specialist study for the Ubuntu Wind Project.	Bat specialist study	CSIR/WKN-Windcurrent
2010-2011	Bat specialist study for an EIA for the Wind Energy Facility at Langefontein, Darling	Bat specialist study	CSIR/Kwhe Khoa
2010-2011	Bat specialist study for the Environmental Impact Assessment for four sites in the Western Cape.	Bat specialist study	Innowind
2010	Bat specialist study for the Environmental Impact Assessment for Electrawinds Wind Project, Port Elizabeth	Bat specialist study	Electrawinds
2010	Environmental Management Plan for the Goukou Estuary	Project Manager	CapeNature
2010	Environmental Impact Assessment for the 180MW Jeffrey's Bay Wind Project, Eastern Cape (Authorisation received)	Project Manager	Mainstream Renewable Power SA
2010	Environmental Impact Assessment for 9 Wind Monitoring Masts for the Jeffrey's Bay Wind Project (Authorisation received)	Project Manager	Mainstream Renewable Power SA
2009-2010	Environmental Impact Assessment for the NamWater Desalination Plant, Swakopmund (Authorisation received)	Project Manager	NamWater
2007 -2011	EIA for the proposed Jacobsbaai Tortoise reserve, Western Cape(Letf CSIR before completion of project, Authorisation rejected)	Project Manager	Jacobsbaai Tortoise Reserve Ltd
2007-2008	Environmental Impact Assessment for the Kouga Wind Farm, Jeffrey's Bay, Eastern Cape (Authorisation received)	Project Manager	Eco-Genesis
2006-2008	Site Selection Criteria for Nuclear Power	Co-author	ESKOM

Completion Date	Project description	Role	Client
	Stations in South Africa.		
2005	Auditing the Environmental Impact Assessment process for the Department of Environment and Agriculture, Kwazulu Natal, South Africa	Project Manager	Department of Agriculture and Environmental Affairs, KZN
2005	Background paper on Water Issues for discussions between OECD countries and Developing Countries.	Author	Department of Science and Technology
2005	Intergrated Environmental Education Strategy for the City of Tshwane.	Co- author	City of Tshwane Municipality
2005	Developing a ranking system prioritizing derelict mines in South Africa, steering the biodiversity section.	Co-author	Department of Minerals and Energy
2005	Policy and Legislative Section for a Strategy to improve the contribution of Granite Mining to Sustainable Development in the Brits-Rustenburg Region, North-West Province, South Africa.	Author	Department of Minerals and Energy
2005	Environmental Management Plan: Dinaka Game Reserve.	Project Manager in collaboration with Flip Schoeman †	Dinaka, Johan Bosch
2004	Environmental Management Plan for the introduction of lion: Pride of Africa	Project Manager in collaboration with Flip Schoeman †	Pride of Africa, Johan Malan
2004	Environmental Management Plan for the establishment of a Conservancy: Greater Kudu Safaris	Project Manager in collaboration with Flip Schoeman †	Greater Kudu Safaris, Howard Knott

ATTENDANCE OF CONFERENCES, WORKSHOPS AND COURSES

- Attend yearly Bats and Wind Energy workshops, arranged by Natural Scientific Services (NSS), The Endangered Wildlife Trust and SABAAP.
- Attending a course in The Management and care of bats injured by wind turbines by Dr. Elaenor Richardson at Kirstenbosch, 27 August 2014.
- Mist netting and bat handling course by Dr. Sandie Sowler, at Swellendam, on 5 November 2013.
- Attendance and fieldwork to identify bat species and look at new Analoow software with Chris Corben, the writer of the Analoow bat identification software package and the person behind the Anabat Detector, during 10 and 11 October 2013.
- Bats and Wind Energy Workshop, arranged by Natural Scientific Services (NSS) and The Endangered Wildlife Trust, at the University of the Witwatersrand, Johannesburg, on 20 May 2013.
- A four day training course on Bat Surveys at proposed Wind Energy Facilities in South Africa, hosted by The Endangered Wildlife Trust, at Greyton, between 22 and 26 January 2012.
- Presentation as a plenary speaker at the 4th Wind Power Africa Conference and Renewable Energy Exhibition, at the Cape Town International Convention Centre, on 28 May 2012. Title: *Bat Impact Assessments in South Africa: An advantage or disadvantage to wind development EIAs.*
- Anabat course by Dr. Sandy Sowler, Greyton, 13 February 2011.
